

# How to Edit a Tweet on Twitter

## Why would you want to edit a tweet?

- Correction of Errors
- Keeping Tweets Updated
- Maintaining Professionalism

## How to edit a tweet on Twitter App

- Log in to your Twitter account and navigate to the tweet you wish to edit.
- Locate the three-dot icon (usually found below the tweet) and click on it.
- From the drop-down menu, select the "Edit" option.
- The tweet will now open edit mode, where you can make the necessary changes.
- Once you have finished editing, click the "Save" or "Update" button to apply the changes.

## How to edit a tweet on a desktop

- Open your preferred web browser and navigate to the Twitter website.
- Log in to your Twitter account.
- Locate the tweet you wish to edit.
- Click on the three-dot icon below the tweet.
- Select the "Edit" option from the drop-down menu.
- Make the necessary changes to the tweet.
- Once you have finished editing, click on the "Save" or "Update" button.

## Common mistakes to avoid when editing tweets

- Spelling and grammar errors
- Misleading edits
- Over-editing
- Forgetting to save changes
